Hicksville-based **Mikey's Famous Marinades Corp.** has branched out beyond its original New York Steak Marinade. Now available: Hot & Spicy, Kickin Chickin and Central Park Pork. We particularly liked the fennel-inflected pork marinade - it worked well on chicken, too. A 12-ounce bottle sells for \$7 to \$9 at Fairway and Cravings in Plainview, Bernard's in East Hills, Hayground Marketplace and Schmidt's in Bridgehampton, Mr. Sausage in Huntington and Melville and all lavarone Bros. locations. For more information or to order online, visit www.mikeysmarinade.com.
